## ***Nomination Procedures***

- 1.0 Nominations are to be received by the 15th of the month preceding the month of activity for Products and the 8th of the month, two months prior to the month of activity for Crude. If the 8th or 15th of the month falls on a Saturday or Sunday, the nominations will fall due on the preceding Friday.
- 2.0 The Montello to Buffalo line segment will be scheduled on alternating distillate and gasoline cycles. The first and third cycles of each month are the distillate cycles; the second and fourth cycles are the gasoline cycles. All other lines will be scheduled with nominated products being pumped within each cycle sequentially from each supply source, rotating approximately every 7.5 days.
- 3.0 Nominations should be grouped within the line segment that contains the delivery location(s) and contain the following information:
  - 3.1 Cycle  
Defined in the Sunoco Pipeline Cycle Calendar.
  - 3.2 Available Date:  
Date product is available at the origin. This date must occur prior to the last date in the cycle. If this shipment occurs on an outbound line from Montello, it will be necessary to have the product available at the origin location up to 5 days prior to the cycle start date.
  - 3.3 Origin  
Location and Company
  - 3.4 Product Code  
Sunoco Pipeline Product Code
  - 3.5 Volume  
Delivered volume in whole barrels
  - 3.6 Destination  
Location and Company
- 4.0 In the event that nominations on a line segment exceed the capacity of the line, it will be prorated and you will receive fax notification accordingly. *When you receive this notification, re-nominate using the same form to indicate how you will use your prorated line space. These new volumes should be listed in the column marked "Adjusted Volume".*
- 5.0 Nominations should be sent to the attention of **Kyle J. Butcavage** via fax to **(610) 670-3490** or via email to [kjbutcavage@sunocologistics.com](mailto:kjbutcavage@sunocologistics.com).

XYZ OIL COMPANY  
ATTN: JANE SCHEDULER  
FAX #: (555)555-5555

DEAR JANE SCHEDULER:

Due to shipper nominations for May exceeding capacity, it will be necessary to prorate the Sunoco Pipeline L.P. segment from Montello to Buffalo and Rochester.

Based on the Sunoco Pipeline L.P. proration policy contained in PA. PUC No. 30 and FERC No. 44, your space allocation for May, 2004 will be 50MB. We will notify you promptly if additional space becomes available.

We ask you to resubmit your revised nominations reflecting the prorated volume by April 22, 2004.

Please feel free to call me if you have any questions.

Sincerely,

Michael A. Schmidt  
Manager, Product Movement  
Sunoco Pipeline L.P.  
(610) 670-3203
